Program at-a-glance

A-TECH offers seven college-preparatory programs in a unique, all-magnet school setting. Students must complete a four year sequence of courses in Architectural Drafting and Design, Business Management and Administration, Computer Science, Engineering, Graphic Design, Legal Studies, or IT Networking. Technology is infused in learning activities across the curriculum designed to advance the student's 21st century college and career-readiness skills. In addition, students may also take rigorous academic classes at the Honors and Advanced Placement levels. A-TECH operates on a full eight-period day with modified block schedule. Students may earn college credit through the Jumpstart dual enrollment program, GTE College Credit and Advanced Placement courses. A-TECH has been recognized each year by the state of Nevada as an Exemplary or High-Achieving high school. A-TECH's graduating classes have consistently earned millions of dollars in scholarships. After-school extra-curricular activities and tutorial sessions are offered by both faculty and student mentors.
