Program at-a-glance

The Leadership and Law Preparatory Academy at Canyon Springs High School offers a unique blend of the traditional high school experience, 21st century skill acquisition, and civic leadership training to develop the necessary qualities for success in the classroom and beyond. All Leadership and Law students are enrolled in the same classes during their first two years, studying the basis of the American legal system, as well as the characteristics of leadership that transcend all fields. At the end of the sophomore year, students choose to major in one of four career pathways. Business Leadership majors continue their studies in management styles, business, marketing, and entrepreneurship. Global Leadership majors continue their studies in world and American politics, media and policy, and global issues. Military Leadership majors continue their studies in Air Force JROTC, military strategies, and the art of warfare. Law majors continue their studies in constitutional, civil, and criminal law; and legal debate. Students experience project-based learning, refine public speaking techniques, and develop collaboration, communication, and critical thinking skills.
