

Jo Mackey Academy of Leadership and Global Communication

Mission: Working together, the Jo Mackey community will create an environment that will empower life-long learners and leaders who will demonstrate the 3 C's; Character, Citizenship, and Communication through technology.

Program at- a-glance

*Jo Mackey is the Academy of Leadership and Global Communication. It is the only Leadership magnet elementary school in CCSD. The school's motto is: "Preparing responsible leaders to succeed in a global society." The leadership program is built on the 3 C's philosophy - the development of positive **Character**, strong **Citizenship** through service-learning, and cultivation of 21st Century **Communication** skills through technology innovation. Leadership skills are fostered through lessons examining character traits and habits of local, national, and global leaders. Students take an active role in their learning by setting academic and leadership goals. 21st Century skills such as communication, creativity, critical thinking, and collaboration are utilized in Project-Based Learning, Global Communication, STEM activities, and in all academics. Participation in grade-level service-learning projects provides students with opportunities to apply leadership skills outside of school. High expectations for academic and leadership achievement challenge each child to find his/her unique path in a global society.*
