Program at-a-glance

Sandy Searles Miller Academy is a globally recognized International Baccalaureate (IB) Primary Years Programme, and the first school in Nevada to receive the top magnet school award in the USA (2008, Simpson Award). The Magnet Schools of America has awarded Miller with Excellence and Distinction awards for the past ten years. Miller is recognized as a Science, Technology, Engineering, and Math (STEM) school. A strong partnership with Desert Research Institute provides students opportunities to engage with scientists in various fields of study. As an IB school, Miller provides Spanish instruction to all students. Students are involved in their learning through inquiry and discovery in an internationally-relevant and rigorous program of study. Students are engaged in authentic real-world integrated experiences that guide student-centered learning. As students take action upon their learning experiences, they become active members of their school and community. The IB learner profile and attitudes guide students to be balanced, knowledgeable, open-minded thinkers so as to take on the challenges of our ever-changing world.
