## Program at-a-glance

*The Primary Years Program is the elementary school component of the International Baccalaureate World Schools program. We prepare students to become active, caring, lifelong learners who demonstrate respect for themselves and others and have the capacity to participate in the world around them.*

*We are inquiry and concept based. We believe that children learn best when they:*

- Ask questions,
- Investigate solutions
- Create new understandings as they gather information
- Discuss their discoveries and experiences
- Reflect on new knowledge

*"Tell me and I forget. Teach me and I may remember. Involve me and I learn"*
