A Message From Our Principal:

It is an honor and a privilege to be the principal at Brown Academy of International Studies. Here at Brown, we are all about choice. The options given to students enable them to be exposed to things they might not have ever been exposed to at another school. The method of our unit planning focuses on creating lessons that allow them to be **inquirers**, expecting them to critically think and problem solve as well as **self-reflect** and continue to individually grow.
