Program at-a-Glance

VTCTA's mission and vision produces a new generation of civic-minded students who will enter into public service careers in the high-demand areas of Law Enforcement and Emergency Medical Services, the military, or further their academic studies at the college or university of their choice. Students enrolled at VTCTA take rigorous courses in law enforcement and public safety, while also completing regular and advanced courses in English, math, social studies, science, foreign language and physical education. All 9th graders are enrolled in Foundations of Public Safety, which provides an overview of law enforcement and public safety careers. Students then declare a major in one of the following areas: Criminal Justice (Law), Emergency Medical Services, Emergency Telecommunications (911 Dispatch), Forensic Science, and Law Enforcement. In addition, all VTCTA students complete a minimum of 25 hours of community service per school year. While in class, participating in community service, and in all interactions as VTCTA representatives, students follow the P.R.I.D.E Honor Code, reflecting Professionalism, Responsibility, Integrity, Determination and Excellence.

Veterans Tribute CTA Facts at-a-Glance

Established: 2009
