Program at-a-glance

WCTA is a four-year comprehensive career and technical high school that provides students with a college preparatory curriculum, in addition to course work unique to their specific program of study. Students can select from nine exciting programs, including: Biomedical Studies, Biotechnology, Nursing, Sports Medicine, Civil Engineering, Environmental Science, Business Management, Digital Media, and Information Technology Management. WCTA provides a strong foundation in academic knowledge while utilizing a technology-rich curriculum and project-based learning to make students competitive in our global economy. Small learning communities, community partnerships, and Internships provide opportunities for students to actively participate in their own education and develop skills necessary for success in the 21st century. WCTA has advanced laboratory space, equipment, and technology, allowing students to perform relevant simulations, presentations, and experiments in a state-of-the-art facility.
