

CCSD MAGNET SCHOOLS LATE APPLICATIONS

OVERVIEW OF LATE APPLICATIONS

The deadline for on-time applications for the 2026–2027 school year has passed, but families may still submit a late application. Student must have a submitted application and be selected via the lottery by August 21, 2026 to be eligible for enrollment in a magnet school.

Late applications will only be processed if a school has no remaining on-time applicants, including those in the alternate pool. If late applications are not needed, the application system will show the status as “Lottery Status: Application Submitted.”

For schools with open seats, a computerized lottery will randomly select students from the late application pool for the specific grade or program. Please note that preferences are not applied to late applications.

Below is a list of schools currently utilizing late applications to fill available seats.

Schools not listed are not using late applications at this time and will first offer seats to students in the alternate pool from the on-time application period.

ESCUELAS QUE ESTÁN UTILIZANDO SOLICITUDES TARDÍAS

Descripción general de las solicitudes tardías

La fecha límite de las solicitudes a tiempo para el año escolar 2026-2027 ya ha vencido, pero las familias aún pueden enviar solicitudes tardías. Los estudiantes deben de haber enviado una solicitud y ser seleccionados por medio de la lotería, que se lleva a cabo hasta el 21 de agosto del 2026, para ser elegibles a registrarse en una escuela magnet.

Las solicitudes tardías serán tomadas en cuenta sólo si la escuela ya no tiene solicitantes a tiempo, incluyendo aquellos que están en espera “alternate pool”. Si ya no necesitan solicitudes tardías, el sistema de solicitudes mostrará el estatus como “Estatus de la Loteria: Solicitud enviada”.

Para las escuelas con cupos disponibles, una lotería computarizada estará seleccionando estudiantes al azar del banco de datos de las solicitudes tardías para el grado específico o el programa. Por favor entienda que las preferencias ya no se utilizan en las solicitudes tardías.

A continuación está la lista de escuelas que están utilizando solicitudes tardías para llenar los cupos disponibles. Las escuelas que no están en la lista no están utilizando solicitudes tardías por el momento y primero ofrecerán el cupo a los estudiantes que se encuentran en espera “alternate pool” del periodo de solicitudes a tiempo.
